

SKILL

Dribbling.

SET UP

30 x 30 yard grid with 5 x 5 yard square in opposite corners. These are the safe zones. Split into 2 teams, each player has a ball.

HOW TO

Players kick the ball at the other teams balls. If they hit them, the player who's ball was hit must hold their ball over their head and call for help from the leader. The leader is either Yoda or Dartvader depending on the team. Yoda or Dartvader must run from the safety zone and touch the players ball over head to free them. Game ends when Yoda or Dartvader are hit from the waist down by the ball.
